

# 2020 Westberg Symposium

## Advancing Spiritual Care across Faith, Culture, and Geography

at the **Caring for the Human Spirit**® Conference

April 20-22, 2020

Santa Fe, New Mexico

at the Hilton Santa Fe Buffalo Thunder

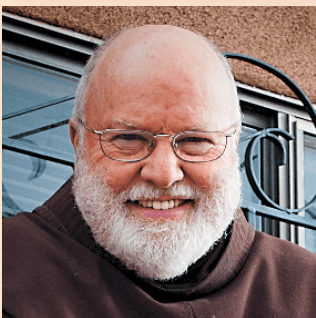

The Westberg Symposium is the premier gathering and educational event for faith community nurses from around the world who focus on the intentional care of the spirit as part of their specialty practice.

**Objective:** Participants will self-report at least one aspect of spiritual care related to faith, culture, and geography that they intend to incorporate into current practice.

### Program Outcomes:

1. Describe spiritual care from the perspective of various faith traditions.
2. Evaluate best-practice aspects of spiritual care from a multi-cultural perspective.
3. Compare the concept of spiritual care from a geographical viewpoint: rural and urban; state and national; USA and worldwide.

### Keynote Speaker: Fr. Richard Rohr

#### KEYNOTE SUMMARY:

When we look at the history of spiritual care and healing, the same themes keep emerging across religions and cultures. They are issues of how to move from doctrinal belief into actual practice. One primary theological application method is the practice of cultivating a contemplative mind.

Fr. RICHARD ROHR is a globally recognized ecumenical teacher and author of bestselling books including *The Universal Christ*.

### Symposium At a Glance
